

Future Technologies Survey

The Seniornet Federation Auckland area is providing a Tutors Training Day in new technologies. We will be represented by some of our tutors.

This survey is to find out what is of most interest to you so that we can focus our purchasing and training in the directions that meet your needs. Our initial idea is to purchase samples for trial in or practice and help days or for loan in the case of slide converters and vinyl disk converters.

Please either:

(a) print this survey, number your preferences from 1 to 8 and post your ideas to

Survey for Future Technologies, SeniorNet Pakuranga Inc, PO Box 82-306 Highland Park, 2143.

(b) or modify this document with your preferences 1 to 8 and **Email to seniornetpak@xtra.co.nz**

- Apple IPAD Tablet 10 inch screens
- Non Apple Tablets 10 inch screens
- Non Apple Tablets 7 inch screen
- Ebook reader: Kindle from Amazon
- Ebook reader: Kobo
- Ebook reader: Sony
- Ebook reader: Other
- External portable USB connected Hard Drive
- Anything else not mentioned
- Slide converter: a specialised digital camera that converts old 35 mm slides to digital format
- Vinyl Record burner to CD: a specialised turntable with inbuilt amplifier that connects to a PC via USB plug and enables your old vinyl records to be saved on a CD and played in a CD player. From that stage you can also copy to MP3 players

Regards, Your Committee
